Air-Conditioner Cleaner

Solutions you can count on!

DESCRIPTION

Mr McKenic® - Air-Conditioner Cleaner contains a unique and tested formula that clears dust and eliminates harmful micro-organisms trapped in air-conditioners, without the need for rinsing with water after application of the product.

APPLICATIONS

Mr McKenic® - Air-Conditioner Cleaner is safe for use on all brands of air-conditioners. It is used on split-unit air-conditioners, window units with drainage outlets and even refrigerator coils.

DIRECTIONS

1. Switch off air-conditioner unit and open windows for ventilations. Open casing to remove dirty filters for washing. Use a vacuum cleaner or brush to remove thick layer of dust on cooling fins.
2. Shake well before use. Spray *Mr McKenic® - Air-Conditioner Cleaner* approximately 10cm away from the fins in an S-motion from top to bottom. Allow 15-20 minutes for the product to penetrate into the interior.
3. Replace clean filters and casings and switch on the air-conditioner for about 45-60 minutes to start the cleaning process.
4. For best results, set air-conditioner to about 24°C and put on to high fan mode during cleaning. Apply at least once a month.

Note: To further improve indoor air quality, spray *Mr McKenic® - GK Air* on to the filters and fins to kill germs. *Mr McKenic® - Choke Clear* can be used to clear chokage caused by thick dirt and dusts in pipes.

HANDLING PRECAUTIONS

1. Do not spray product onto electronics parts of air-conditioner, ie circuit board, switch, motor or sensor.
2. Keep away from heat and store in cool place.
3. To be used in a well-ventilated environment.
4. In case of contact with eyes, rinse thoroughly with water and seek medical advice.
5. If swallowed, take plenty of water and seek medical advice immediately.
6. Avoid prolonged contact with skin.
7. Put on gloves for sensitive skin.

8. Keep out of reach of children.
9. Additional information may be obtained from Material Safety Data Sheet (MSDS)

For Aerosol Packing

1. Pressurized Container. Do not pierce or burn after use.
2. Do not expose to temperatures beyond 60°C.
3. Flammable propellant within

PRODUCT PROPERTIES

Physical State	Liquid	
Colour	Clear	
Solubility (Water)	Soluble	
Packing	AC1926-ALF	374g Can
	AC1926-P25	25 Ltr Pail
	AC1926-P210	210 Ltr Drum

BENEFITS

- Improves Indoor Air Quality
- Improves Performance of Air-Conditioner Units
- Simple Application With No Rinsing Required
- Contains No Harsh Chemicals
- *Safe on Air-Con Fins and Coils

**Tested and Certified by Singapore Productivity and Standards Board (PSB)*
